To: United States Distributors

Subject: Discontinuation of LPS® NoFlash® NU Precision Contact Cleaner (#04015)

As part of the LPS environmental bridge gap program, LPS will be discontinuing NoFlash NU Precision Contact Cleaner (#04015) in the United States.

The replacement product for NoFlash NU (#04015) is NoFlash Electro Contact Cleaner (#04016). NoFlash (#04016) has the identical chemical formulation, pricing, and net weight as NoFlash NU (#04015).

Please forward this information to your sales team and your end user customers. There will be no difference in the performance of the two products because they have identical chemistries.

If you have any questions, please call the LPS customer service department or the LPS technical department at (800) 241 – 8334.

Regards,
